Continuamos con el procedimiento de instalación de XenDesktop 5, en esta ocasión mostramos como realizar la instalación en un Servidor Virtual con Windows 2008R2, iniciando la instalación de servidor a partir de tener ya instalado el sistema operativo.

XenDesktop 5, ha estado diseñado en su totalidad para rodar sobre Windows 2008 R2, para iniciar el proceso de instalación, procederemos a iniciar el DVD de instalación.

Arrancando el proceso de instalación, mediante Autorun,
